

Third Advanced Training Programme on European negotiation

17/06/2016

From 17 to 19 June, the last phase of the third Advanced Training Programme took place in Brussels.

In total, 55 participants had the opportunity to meet in the European Parliament with Maria João Rodrigues and senior officials from the European Commission to address issues related to the European Union architecture and to learn more about the "European Semester".

This programme is built upon Maria João Rodrigues' experience at European front at various levels, currently as an MEP and Vice-President of the S&D Group, previously as Minister in coordinating the EU presidencies in the preparation of dozens of European Councils but also as special adviser to the European Commission and thanks to her involvement in relevant negotiations for the European project, in particular in the framework of the Lisbon Treaty and the European Growth Strategy.
